DRAWS BLOOD.****Nine Alleged Chicago Boodlers Indicted.****Charged With Stealing Quarter of a Million.****Contractor and City Engineers in Cahoots.****(Associated Press Night Report.)**

CHICAGO, Jan. 27.—Paul Redleske, resigned deputy commissioner of Public Works; Michael M. McGovern, a wealthy contractor, who has had many big city contracts, and nine city officials and employees of McGovern, were indicted by the grand jury today. They are charged with conspiring to defraud the city of \$250,000.

The indictment on this charge came as a complete surprise, as it was believed that the alleged frauds involved only about \$45,000, the so-called "shale rock scandal."

The men indicted besides Redleske and McGovern were:

Otto Niehoff, secretary to McGovern; Max Landgruth, former superintendent of McGovern; George Moore, a former man for McGovern; Ralph Bonnell, resigned assistant city engineer; John C. Parks, assistant city engineer; Robert Green, a foreman for McGovern; Richard Burk, John Nicholson and Joseph Maher, city inspectors in the engineer's department.

The indicted men are specifically accused of conspiring to defraud the city by laying only one-sixth of the concrete and brick work called for in the contract for the construction of section N of the Lawrence-avenue tunnel.

The Merriam Commission, which has been investigating municipal expenditures, brought out the fact that the city had been charged about \$45,000 for cutting out "shale rock" in section D of the tunnel. The "shale rock" proved to be only hard clay.

Evidence concerning the alleged \$250,000 fraud, upon which the indictment was based, was not brought out by the commission.

Redleske furnished the \$20,000 bond required. McGovern was held in \$50,000 bonds, while the others were placed at \$5,000 each. McGovern announced he would furnish bond tomorrow.

The following statement was made by Redleske: "The only thing that I can say is that no report of any irregularities or shortage of material in the construction of the sewer was ever made. I had no knowledge of the work being progressing favorably. In fact, the city engineer reported to me that the job was one of the finest pieces of sewer building he had ever seen."

Mayor Duggan refused to make any statement.

Redleske resigned as deputy commissioner of Public Works a short time ago, after the Merriam Commission had made public certain statements on methods of his office. Bonnell was formerly an assistant city engineer, but was suspended for refusing to aid the commission.

It was announced from the state attorney's office that the jury would continue its probing into other lines of alleged city graft.

NEW YORK, Jan. 27.—Representatives of the Railway Trainmen's Union who were to have conferred today with officials of thirty-two controlling railroads east of the Mississippi River, left tonight for New York and the conference has been postponed indefinitely.

Original expectations were that by this time the men would have formulated a scale to replace the proposals recently rejected by the railroads, but they are not agreed.

President Lee of the Brotherhood of Trainmen, will confer at Cleveland with representatives of local unions and from these meetings, it is believed, the final demand will issue.

President Shonta announced today a substantial increase in the pay of conductors, trainmen, gatemen, ticket agents and switchmen of the Interborough Rapid Transit Company.

This is the second voluntary increase since January 1, 1907.

TESTIFIES TREMBLINGLY.**Lithographer Tells Story in Counterfeit Trial Under Glare of 'The Wolf.'****(Associated Press Night Report.)**

NEW YORK, Jan. 27.—Antonio Comito, the little journeyman lithographer who was unwillingly a helper of the Italian gang which ran an extensive counterfeit plant at Highland Falls, near Poughkeepsie, continued his narrative today in the United States court. Eight men are on trial for the crime.

It was with fear and trembling that Comito testified, for the eyes of Ignazio Lupo, the "wolf," the "barrel murderer" suspect, one of the accused, were turned glaringly on the witness as he spoke.

Comito told about printing the backs of about \$16,000 worth of Canadian bills, and related how plates for \$2 United States notes, the ink in which the printing was to be done were brought to the Highland Falls plant.

A new steel dagger, recently found thrust into the wall of United States Marshal Henkel's office, after friends of the accused men had been refused permission to visit them in the Tombs, was exhibited in court. Comito was asked if he knew who owned the dagger, but denied all knowledge of the weapon or its owner.

Reuben Steers, whom Harnum called the smallest man in the world, is dying of pneumonia at his home in Putnam ct. He is now 72 years of age, weighs fifty-five pounds, and is 41 inches tall.

**SAYS COOKING
IS LOST ART.****Archbishop Ireland Plays American Extravagance in Style of Living.****(By Direct Wire to the Times.)****ST. PAUL (Minn.) Jan. 27.—****(Exclusive Dispatch.)** Archbishop Ireland played the domestic management of American families in an interview on high food prices. He prophesied the return of hundreds of thousands, in vain seeking employment in the cities, or eling out their bare living, to their own detriment, and the greater detriment of their families, to the American farm. Among other things, he said:

"Good will come from the discussion of a meat boycott—much good, though very likely not in the direction many expect."

"The chief cause of the rise in prices lies with the producer. We eat too much meat. In the manner of living, among rich and poor in America, there is dreadful waste and extravagance, resulting from ignorance of housekeeping, and especially the almost totally neglected art of cooking."

**TESTIMONY IS FOUNDATION
OF CASE AGAINST BALLINGER.****(Associated Press Night Report.)**

WASHINGTON, Jan. 27.—The Ballinger-Pinchot inquiry will be resumed at 10 o'clock tomorrow morning, with Louis H. Glavis again on the stand. Glavis has been offered as the first witness by accusers of the secretary of the interior, to lay the foundation of his case.

At the initial session of the committee he made little more than a start on his testimony.

No one is willing to hazard a guess as to the length of time that will be consumed by the committee. Already, it has appeared necessary that witnesses shall be called from Seattle and other points in the West, and that office records may have to be obtained from Juneau, Alaska.

Mr. Ballinger's name had been omitted from all records in the case, and that the claimants appeared only "by attorney."

From the manner in which the committee proceeded yesterday, it is evident that each member, when he wants particular point illuminated, will not wait for an opportunity to cross-examine, but will interrupt witness to bring out additional evidence, or to call attention to discrepancies.

Home Builders

FOR YOUNG MEN

The first and uppermost thought in the mind of the average young man is, "How can I make a lot of money?" How can I accumulate a fortune? Every man of mature years who has been through the mill and has come out victorious will tell the ambitious youth who asks him for a prescription for acquiring wealth, that he must learn to save every dollar. For the youth with budding hopes and increasing desires, this will be difficult, but nevertheless he must undertake it, for in no other way can he get together the money necessary for his first investment; the first that is to bring him a profit beyond the labor of his hands. Here is where "HOME BUILDERS" benefits him. It assists the young man to save a certain portion of his income and teaches him, early in life, those habits of thrift and economy that will count for much throughout his entire career.

For example—by the investment of a small sum of \$17.00 down and \$8.50 monthly he can buy 100 shares of "HOME BUILDERS" stock, which at the end of 18 months will represent an approximate value of \$255.00 which is paying him about 20 per cent. annually on its par value. When he finds the first 100 shares of stock are paid for, he starts another 100 shares—the second hundred is much easier, because the first hundred is paying a good dividend and helping pay for the second 100 shares. This is then increased by another 100 shares, which in turn is much more easily paid for because he now has the first 200 shares working for him, and thus he goes on until he will find that his savings are making more money than his brains and hands combined.

In this way, he continues to buy a hundred after a hundred shares, and after a short period his stock is bringing him sufficient income to make him independent. Therefore, start today, young man, on that road to success, before 1910.

and meat will have the clinch on things, the man being the farmer.

the head of a railroad company trained to business and with a thorough grasp thereof. M. H. Sherman was one of the chief originators of the great project of bringing the Owens river to Los Angeles. Without a cent of remuneration he devoted a great part of his time and all his great business talents and the experience of considerable lifetime in the most devoted way to the part of the city's business.

He was the "undesirable" elements of society have had say about this water company for many years. Administrations have come and gone, but no Councilman, Mayor, no Board of Public Works or other municipal functionaries dared to lay their hands

Usefulness of Aeroplanes.

Aviators Paulhan and Curtiss have performed marvelous feats with their flying machines at Los Angeles; but, as between the two, the laurel wreath, the palm, the blue ribbon, the medal and all insignia of supremacy go to M. Paulhan. This gentleman has not only done with wings; but he has maintained by the man with wings; either on a straightaway course he has made the record or distance and time that is in a class all by itself. His achievements make the query as to the prospective usefulness of the aeroplane entirely pertinent and unusually interesting.—[Portland Telegram.]

MACHINES AND RECORDS.

GREAT ACTRESS TO MAKE LOS ANGELES HER HOME.

Mrs. Leslie Carter at the wheel.

MRS. LESLIE CARTER will make Los Angeles her home. After having been whisked about the city yesterday afternoon in a motor car, the actress determined to return to this city at the present time for the remainder of her life. Los Angeles, instead of New York, is to be her headquarters.

Enthusiastic Mrs. Carter's plans were never more buoyant than when she rode in the big six-cylinder motor car belonging to H. T. Wyatt, which she over the out-of-town roads, through the beautiful redwood section, and then by way of road, back to the city. As the car sped up in front of the hotel, Mrs. Carter's excitement was evident.

"I'm coming to Los Angeles," she said. "I'm going to make my home here. My husband has decided, and we shall come to—yes, that's it, the city of the angels. We've had such a beautiful time of your hospital-

Perhaps the real charm of this accomplished woman is her simplicity. She is childlike in enthusiasm and her dignity is entirely forgotten in her enjoyment of life. She never seems tired, and smiles always.

When she was recently presented with one of the handiest automobiles ever built, Mrs. Carter took the present as a child would accept a new doll. It is a 1910 Thomas Limousine built for her, at a cost of \$10,000, and finished in bright yellow, with massive bands of burnished brass around the hood.

That palace car is to be brought here for Mrs. Carter's own use. She will bring also her private chauffeur and a footman. The machine is to appear first on the streets of this city, and is certain to create a sensation.

Imagine a yellow motor car, the largest ever built, with a longer wheel base than that of any other motor car made, and with a chauffeur and footman in white livery, and in the tonneau a woman with hair to match the trimmings of the car—that is what Los Angeles will see.

"When my tour is over I'm coming back home," Mrs. Carter said yesterday.

MAKES STOMACH TROUBLE VANISH.

INDIGESTION, GAS, HEARTBURN
AND DYSPEPSIA GO, AND
YOU WILL FEEL FINE
IN FIVE MINUTES.

Thousands of men and women here

and about Los Angeles will be sur-

prised at the prompt relief after

taking a little Diapiesin—Get some

now and have your stomach trouble

over with forever.

Why not get some now—this mo-

ment, and forever rid yourself of

Stomach trouble and indigestion. A

diets stomach gets the blues and

grumbles. Give it a good eat, then

take Diapiesin to start the di-

gestive juices working. There will be

no dyspepsia or belching of Gas or

eructations of undigested food; no

feeling like a lump of lead in the

stomach or heartburn, sick headache

and Dizziness, and your food will not

ferment and poison your breath with

nauseous odors.

Pape's Diapiesin costs only 50c for

a large case at any drug store here,

and will relieve the most obstinate

case of Indigestion and Upset Stom-

ach in five minutes.

There is nothing else better to take

Gas from Stomach and ease the

stomach and intestines, and, besides,

one single dose will digest and pre-

pare for assimilation into the blood

all your food the same as a sound,

healthy stomach would do it.

When Diapiesin works, your stom-

ach rests—gets itself in order, cleans

up—and then you feel like eating when

you come to the table, and what you

eat will do you good.

Absolute relief from all Stomach

Misery is waiting for you as soon as

you decide to take a little Diapiesin.

Tell your druggist that you want Pape's

Diapiesin, because you want to be

completely cured this time.

Remember, if your stomach feels

out-of-order and uncomfortable now,

you can get relief in five minutes.

Of Course You Have Paid \$2.50 for These Corsets—Now . . . \$1.50

—We were frank in our advertisement last Sunday in stating that they were regular \$2.50 corsets. And how they are going!

—We'd like to be able to offer equal values every day in the year. Only extreme fortune makes us able to continue these values for today. When they're gone—Well—fill your corset wants for some time in the future, now at \$1.50 instead of \$2.50 pair.

The Most Notable White Goods Week in Our History, is

rapidly drawing to a close. Never such values. Never such varieties. Never such buying. The last has followed the first as naturally as night follows day.

Women only needed to know of the scope of this great white display—and the infinite possibilities for prettier waists, and suits, and dresses hidden in the thousands of yards of snow-white weaves. And how, hundreds do know and more are learning.

Hundreds of yards—new White Goods to the Front for another great day today.

SMILES AND TEARS. PICKING OUT THE BABIES TO PLAY "THINKING" PARTS.

Four Little Ones to Go on the Stage.

Right, above, Baby Beaty, Baby Weller; below, Baby Weller, Baby Rice.

Upon Joe devoted the duty of selecting the four kiddies who will be seen in the play. It was his maiden appearance as judge in a baby show and he was somewhat rattled, but he made good. Paying as little attention to the fair young mothers as possible, Joe pinched each infantile cheek and chuckled each infantile chin. Then he watched for the grin, and if the grin was satisfactory the child was engaged.

After it was all over, Joe took the names and addresses of the prize-winning babies and then barricaded himself in the box office to escape the wrath of the indignant mothers whose babies he had rejected.

The babies will appear only in the christening scene in the first act of "The Virginian." Their names and addresses are:

Harold Jack Beaty, No. 314 East Fourth street; Sadie Weller, No. 791½ Kohler street; Genevieve Olive Rice, No. 548 Wall street; and Merle Weller, No. 791½ Kohler street.

WILSON QUADRUPLETS.

While thoroughly and had made his mind up to do so, and last night, when he called me up and asked me to come to the house, he testified that he was not sure that the child was not a quadruplet. I took him to the hospital, one from Mrs. Wilson, and one from the Jones family. I asked that the child be taken away. Mrs. Wilson said that she was sure to be exposed, but she said she did not believe she would be, and that she intended to go ahead. I warned her that it was wrong to impose a swindle on her husband, but she only laughed.

Mrs. Wilson is at present in a critical condition because of hysterics and excitement," concluded Dr. Breece.

Witness followed witness, until Dr. Pratt took the stand. He treated the matter in the light of a joke.

DR. PRATT'S JOKE.

"I was called in one afternoon," he said. "I was told that quadruplets had been born, about thirty minutes before. I could hear the babies crying in another part of the house, and I went to them. They were not newborn babies. Their heads had been daubed with blood, but I saw at a glance that there was something wrong. I inquired of the nurse, and she told me everything and we sat down on the edge of the bed and had a good laugh."

"I then went to the mother. She admitted that she had fixed up the fake, and begged me not to expose her, saying that she loved children, and had taken the step because she wanted them very badly. She said she had had one child twenty-six years ago, but none other, and that all the rest were born by the same fake system. I left after the husband had come in."

INVOLVES MRS. SMITH.

Mrs. Lena Hayes, daughter of the Smith woman, testified that she had attended Mrs. Wilson, and that her mother had procured the babies. She made a positive identification of each of the youngsters, and told where each had been procured.

The children were all declared dependent, and ordered sent to an orphanage pending further investigation. Judge Wilbur continued the case until next Thursday, and ordered that the mother of the other children be brought into court at that time.

Deputy Dist. Atty. Hammon, who prosecuted the case, is making close investigation, and he stated yesterday that he may file a complaint against Mrs. Smith, charging her with aiding in a child abandonment. He further stated that the attention of the grand jury will probably be called to the various maternity homes about the city.

STEAMERS AND RATES.

Senator Flint to Introduce Bill Regarding Former, and Providing for Investigation of Latter.

Senator Flint is to introduce a bill February 10 regarding a government line of steamers on the Pacific Coast. The bill will also provide for an investigation of the rates charged by the Panama Railroad Company for transporting freight across the isthmus. In a letter received by the Harbor Commission yesterday, the Senator urges that some member of the commission should be present at the time he introduces his bill.

Secretary Fleming immediately telegraphed to Mr. Flint, asking him to send a copy of his proposed measure. "Until we see it, of course, we cannot state just what it means for this section," said Fleming. "I am sure that the Senator is acting wisely, and that he is working hard in our interest. There doesn't seem to be any good reason why a Federal line of steamers should not be operated on this side, as well as on the Atlantic. The line now established to keep other companies from combining to fix freight rates. If a government-owned line on the Pacific could take our products to the isthmus, there to be drawn across to the port of Colon, the other ships could return to New York and other ports with full cargoes. At present, they have made the return voyage oftentimes in ballast."

Harry Lauder now sings only for the Victor

The great Scotch comedian, who is now the highest-priced and most famous entertainer in the world, was so delighted with his Victor Records, which he says "are simply 'to the life'", that he has signed a contract to henceforth make records only for the Victor.

And the new Victor Records of his amusing songs and specialties—just issued—are better than ever before, because they are made by the new Victor process of recording.

Mr. Lauder was so greatly impressed with the vast improvement in the tone-quality of Victor Records that he made over all his old records, so that not only his latest hits, but all of his songs, will be brought to you absolutely true to life.

- Ten-inch Records**
- 60000 I've Something in the Bottle for the Morning
60001 I Love a Lassie (My Scotch Bluebell)
60002 Stop Yer Ticklin', Jack

Come and Hear the New VICTOR Records for February-- Just Out

You'll enjoy this delightfully Victor music, for every record has that unequalled tone quality due to the New Victor process of recording.

Here are a few of the new selections.

5757—"The Cavalier March," Pryor's Band.

31767—"Artist's Life Waltz," Vienna String Quartette.

5761—"Emmaline," Ada Jones and Billie Murray.

31768—"Gems from Algeria," Victor Light Opera Co.

35097—"Old Black Joe," Fisk University Quartette; "When Ma Linda Sings," J. A. Meyers.

"Old Black Joe," by this famous colored quartette, is a gem that will be in almost every home, by its fine rendition by these artists, and by the fine quality of tones by the new Victor recording.

88211—"Mignon—"Connais tu le pays," Geraldine Farrar.

87046—"Otello—"Addio Sante Memoria," Nicola Zola.

The regular monthly concert will be held on the evening of January 31, (Monday evening) at 8 o'clock, in the music rooms at 416-18 South Broadway. Seats for all, and we ask you to come and hear this especially fine new list of Victor records.

CITY COUNCIL FAVORS MAYOR.

**Municipal Government at
Globe Is Serene.**

**Merchants Want Railroad in
Gila Canyon.**

**Mexican Herder Is Murdered
in Card Game.**

(SPECIAL CORRESPONDENCE OF THE TIMES.)

GLOBE (Ariz.) Jan. 26.—The majority of the City Council of Globe has dropped into line with the ideas of Mayor Kinney concerning economy in the administration of the city government. So Mayor Kinney and Councilman Higdon have reconsidered their resignations and all is serene once more in the municipal legislature. The salary of the city policeman has been cut from \$120 to \$100 a month, and the city judge will now draw \$175 instead of \$200. Several officers have been consolidated and the cut will continue along the line. It has been determined to build several bridges over Pinal Creek, a troublesome stream which meanders through the entire length of the townsite.

Deep interest is being manifested in the fight over the possession of the Gila Canyon. The Chamber of Commerce is understood to have determined upon recommending that the Southern Pacific be granted the low line through the gorge. If this road be built, it will insure to Globe position upon a trunk line railroad connecting Denver with Los Angeles, probably meaning also the operation of trains through Globe between Chicago and the Coast, passing over the Gila Valley Railroad to San Carlos, using the Phoenix and Western as far as Tempe, and the Maricopa and Phoenix as far as Phoenix. While it is appreciated that it will be eminently desirable to have extension of the irrigated area of the Territory, the betterment of transportation in this locality just now is of paramount importance.

MEXICAN IS MURDERED.

Twelve miles from Globe, on El Capitan trail, has been found the body of a Mexican, believed that of Francisco Flores, a goat herder. Bruises upon the head indicate that the man had been beaten to death, and some scattered cards seem to show that there had been a fight over some gambling question. Flores left Globe on January 1 with several other Mexicans to take a herd of goats over the Pinal Mountains into the Gila Valley. Since then he had not been heard from.

Wiley Holliday died at Safford yesterday through injuries received from a fall while exploring the curious "Bat Cave" near Fort Thomas, a year ago, when he fell a distance of about twelve feet. Holliday was formerly a saloon-keeper near Globe.

An unidentified Mexican was fatally injured yesterday by falling into a turn-table pit in the local railroad yards, sustaining a fracture of the skull. The man, undoubtedly was drunk at the time.

Friday night, at the Arizona Commercial smelter, A. Mitchell was injured by the fall of a heavy piece of machinery which crushed him to the floor.

Mrs. Lulu S. Winfield died yesterday at the County Hospital of an abscess in the ear that affected the brain. She was a nurse by profession, but came here in search of her husband, who had deserted her at Casimero, N. M. after what appeared to have been a happy married life. She heard of him at El Paso and later at Globe, but did not find him at either place. While the present main line at Maricopa, at the hospital she became the mother of a child, which is living and will be adopted by friends.

The quickest of action by several hundred men saved the settlement of Miami from entire destruction Sunday afternoon. Two cottages were burned and only the hardest of rocks saved fully fifty more, as a high wind was blowing at the time.

BIG DAM BREAKS.

Last week the tallings dam of the Arizona Copper Company at Clifton broke, liberating an immense flood of murky water into the San Francisco River. The occurrence was doubly unfortunate in that the company is carrying an injunction secured by the farmers of the Gila Valley to prohibit them from dissipating any waste material whatever in any of the streams of the Gila Valley watershed. The farmers were notified by telephone and the canal heads were closed until the muddy flood had passed.

The local lodge of Elks has awarded a contract for the building of a new hall and theater at a cost of \$24,700. A branch of the Gila Valley Bank and Trust Company has been opened at Miami.

The Daily Globe of this city has passed into the hands of a Democratic syndicate and hereafter will be conducted by E. E. Ellis, business manager, and Mark L. Dunbar, editor. John O. Dunbar, the former editor, has gone to Phoenix to take editorial charge of the Arizona Democrat.

PROMOTER INJURED.

Falls from Second Story of Pavilion at Alamitos Bay to Pier and Then to Sand.

ALAMITOS BAY, Jan. 27.—Ward McCafferty, a salesman for a Los Angeles sporting goods house, fell from the second story balcony of the pavilion at Alamitos Bay this morning and struck on the pier railing. He sustained a broken right leg and a slight concussion of the brain. He was placed on a car and taken to Los Angeles.

McCafferty and D. H. Montgomery were here on business. After making calls they went to the pavilion. While sitting on the railing, McCafferty reached into his pocket for his handkerchief and overbalanced. He struck first on the railing and then fell to the sand below. McCafferty lives on West Thirty-fifth street, Los Angeles. He was promoting a series of summer swimming contests.

SAN DIMAS.

SAN DIMAS, Jan. 27.—C. F. Bailey of Los Angeles today sold the orange grove here to G. S. Plummer and F. F. Yates, both of Pomona, stated consideration, \$10,000 cash. The deal was consummated by Frank Wheeler of Claremont.

This grove is in a splendid state of cultivation, there being 5000 boxes of oranges on the trees. It was formerly owned by S. A. Harris who sold it two months ago, through Frank Wheeler, to William Bailey for \$10,000.

R. C. Callender here, said his twenty-acre orange grove to Crookshank and Somers Co., stated consideration, \$15,000.

the place which had been sold to them as a "gold brick."

LIKE FICTION.

The partnership of Guilan and Rice reads like a far-fetched piece of fiction. Guilan came here last year from Columbus, O., and brought along some money with which to support himself until he could either land a well-paying position or buy into a business.

December 24 he answered an advertisement which held forth an alluring prospect. He called at No. 748 South Main street and interviewed D. M. Greene and Harry G. Conner, who were the proprietors of the Notary Public Real Estate and Investment Company. Greene represented the business as one that had been established for three and one-half years and was paying from \$200 to \$250 a month net profit. The oily-tongued leader said that he needed a partner because his friend, Conner, was forced to give up his half of the firm to go to Arizona. Guilan was told in careful detail how Conner had a rich uncle in Bilbee, Ariz. This uncle was supposed to be old and sick, and he had decided to turn over a highly-lucrative business to Conner there.

Although Conner is making a lot of money here, he could not stand to himself, stay and turn down his uncle's offer, which may mean wealth," said Greene.

Guilan paid \$300 for Conner's half interest, and Greene gave him a breezy talk and then disappeared for a few days. There was no business, and Greene did not appear to have any interest in the concern. One afternoon a man walked into the lonely office of Greene and Guilan and found the latter there waiting for customers, and never came. "Where is Greene?" asked the stranger. Guilan said he did not know. "Oh, maybe he is over at the other office," remarked the stranger, as he rushed out. Guilan waited until he saw the business partner, and then taxed him with having other interests.

OTHER INTERESTS.

"Sure I have other interests," said Greene. "I have been making lots of money and cannot well feel around with business here and do it justice." The man of many interests then proposed to Guilan that he get a good, lively young partner who would have time to devote to the business and make it pay. Guilan believed the idea good and accounted for the lack of customers by the fact that Greene had neglected his work. In a few days George M. Rice appeared on the scene and bought Greene's interest for \$250. Soon Rice began to feel that he had been swindled by Guilan, and avoided him. There were no customers, and it was apparent that there were not many coming.

Soon Guilan began to avoid Rice because it appeared that the latter was a "trimmer," who had stepped in to avoid him out. The new firm became a thing to pass by. The partners played a sort of blind man's buff each with the other. Yesterday the partners learned the truth for the first time. Both will aid in the prosecution of Greene, and have decided to try to get the swindlers by building up their business.

READY TO APPEAR.

Early yesterday morning a man called up the District Attorney's office and asked for Deputy Veitch. He made the following statement over the telephone: "I am a poor sucker who hit in the Greene case. I am now in the building and working trying to live my folly down. If you get in a hole, you will not need to look me up. I will come in and give my testimony. However, you will have no trouble convincing the man who made the deal. Two more men, whose names are withheld by the detectives pending further investigation, have announced that they were bunched by Greene and his accomplices, Harry G. Conner, George M. Rice and one other. Detective McNamara arrested Conner late last night. The plight of his partners caused him to keep under cover, but the officer dug him up."

TO FAIRLAND.

**BONIFACES WILL
OWN THE TOWN.**

**HOTEL MEN AND THEIR WIVES
WILL BE WELCOMED.**

Local Association Makes Arrangements to Give Its Guests a Fine Time When They Get Here Next April—Wild West Acts and Barbecue for Easterners.

On April 12, 400 prominent hotel men and their wives from all parts of the United States, will visit Los Angeles and Southern California. They will spend five days here attending to business and sight-seeing. The occasion for this visit of the hotel men is the annual convention of the Hotel Men's Benefit Association.

A meeting of the Southern California Hotel Men's Association was held yesterday afternoon at the Hotel Raymond, Pasadena, for the purpose of perfecting arrangements for the entertainment of the visitors. Another meeting will be held at Levy's on the evening of February 5, which will be in the form of a smoker, to arrange further details.

It was decided yesterday to have a delegation meet the visitors at San Bernardino on the morning of April 11, and escort them to Redlands, and Riverside, taking in little side trips at each of those points, and reach Los Angeles in the evening. On Monday, February 15, there will be a business session for the men and the ladies will be taken out sight-seeing and to a theater party in the evening. On Tuesday the visitors will be taken to Long Beach, Redondo, Venice, Santa Monica and Hollywood.

Wednesday the visitors will be taken to Catalina for the day. Thursday will be Pasadena Day. The visitors will be taken there in automobiles and will visit Mt. Lowe in the forenoon. At noon they will be given a luncheon at the Hotel Raymond, and in the afternoon they will be driven over the city. Friday, the easterners will be given a tour of the city and the hotel men will be entertained by the Out West Club with an old-fashioned barbecue and wild west show. If possible, arrangements will be made to take the visitors to San Diego on Saturday from where they will leave direct for Santa Barbara and on to San Francisco and Seattle.

During their stay in Los Angeles the visitors will be given special rates at all the hotels of the city and surrounding suburbs. The local association wants to scatter them as much as possible.

The city boundaries. In one section the maximum speed is twelve miles an hour and in another twenty miles. The section which makes the violation of the thirty-miles-an-hour provision punishable with imprisonment for a term of ten to fifty days to six months for subsequent violations by the same person, is held valid in every particular. The court states the effect of this section is only to impose a punishment for a more flagrant violation of the rights of the public, than the Legislature has seen fit to punish.

CITY HAS LEWEAY.
"It is well settled," states the opinion, "that the mere fact that the State has made certain regulations does not prohibit a municipality from exacting additional requirements so long as there is no conflict, and the requirements of the municipal law are not unreasonable or discriminatory. The power of a city to pass such an ordinance is not open to question."

"Nor does it interfere with the reasonable exercise of the right of passage over public highways. All travelers are required to conform to ordinances. The exemption of

police and fire limitations does not make the ordinance invalid."

The appellate court holds that the penalty is not excessive, as it is pointed out that this was the only way in which an automobile over much-traveled streets, the greater the liability of accident.

The court says that the jail sentence without the usual alternative of a fine was probably incorporated in the ordinance because the city prosecutors found that this was the only way in which to prevent speeding through crowded thoroughfares.

This was the main reason for making it obligatory upon the police to make a stop to the defendant to jail if he was convicted of driving more than thirty miles an hour. A fine would be

light punishment to many reckless automobilists, the prosecutors argued, while the prospect of a term in jail would tend to make the drivers more careful.

Snowden was remanded to the custody of the Chief of Police. The attorney may carry the case to the Supreme Court in order to get a final adjudication as to the validity of the ordinance.

WINCHESTER.
WINCHESTER, Jan. 27.—W. A. and G. H. Young report that a large amount of grain is still in storage and that a great portion of the hay crop remains with the growers. Ranchers are inclined to hold their crops, being confident that prices for both hay and grain will be higher soon.
